# JALARAM ACADEMY

Step to Success

Prep Section

## Our Motto

Step to Success

## Our Vision

To be a globally recognized academic institution providing holistic education that prepares and nurtures each student for both international and local opportunities.

## Our Mission

To build and strengthen learners' potentials and aspirations by inculcating the culture of hard work, discipline and self-reliance in order to face the challenges of the fast changing world.

*'Empowering children to become excellent learners'*

## History & Curriculum

Jalaram Academy as an institution of higher education was the brain child of the Trustees of Gujarati Girls School which started in 1991. The main purpose for the establishment was to provide education of international standard to the community right here in Kisumu. Hence, the London International Certificate of Secondary Education Ordinary Level (O'Level-Year11) as well as the Advance Level (A 'Level- Year 12 & 13) was the curriculum offered.

The school now, has a Nursery section (2yrs- 5yrs), Prep section (6yrs- 11 yrs) and Senior section (12yrs-17yrs) providing only the British curriculum of education which is situated in the serene environs of Millimani estate in Kisumu City.

## Co-Curricular Activities

At the prep-school, our vision for the co-curricular life reflects exactly what our motto states 'Step to Success'. Through our wide range of co-curricular opportunities, we aim to ensure that our students excel in their passions both in and out of classrooms. This will build a unique personality trait in our students

## Leadership

Throughout all of this, a theme of Leadership reinforces the co-curricular life at Jalaram Academy with every activity be it sports, music, drama or clubs; promoting the ethos that our children should be learning key leadership skills which will help them in life. By doing this, they develop as team players and leave us confident in the way in which they can shape the world.
